RE: Temperley Reaching Out to Ms. Sophia Parker

Dear Ms. Parker,

I hope you are well. I'm reaching out in my capacity as a board member of Temperley Holdings Limited. We remain open to the possibility of a direct conversation between principals, as previously suggested through counsel, to explore whether a sensible and timely resolution might be achieved.

We recognize that legal processes can be lengthy and costly for all involved, and where appropriate, we believe constructive dialogue may sometimes help move things forward. If this is something you would consider, we would be happy to coordinate at a convenient time. I wanted to assure this message has been conveyed to you by this direct contact.

Kind regards,
Sarita
